

A good fluting medium needs to be both lightweight and strong. Holmen INNR is a specialty paper made from fresh wood fibre, providing a cost-efficient solution for packaging and converting.

HOLMEN INNR

Technical data sheet

Holmen INNR

Grammage +/- 3%	Thickness +/- 3 µm	Moisture +/- 0.5%	SCT CD* +/- 10%	CMT ₃₀ MD* +/- 10%	S-test MD	Burst strength +/- 10%
ISO536	ISO534	ISO287	ISO9895	ISO7263-1	DIN5014	ISO2758
g/m ²	µm	%	kN/m	N	kN/m	kPa
60	105	7.5	0.8	-	0.45	120
73	128	7.1	1.3	100	0.60	170

* Indicative value, standard not valid for grammages below 100 g/m²

Updated 2024-03-07

Environmental certificates: ISO 14001, FSC® C020071, PEFC/05-33-134

Environmental statements: Reach.

Food contact certification: Certified according to BfR by ISEGA.

We recommend that you test sensory properties of the final, converted product.
